

Offices

Imagine what it would be like if you could be fully-focused on just your business strategy.

In a fast-paced business world, managed work space offers an alternative to conventional long-term lease options. Capital investment and financial risk are reduced, leaving you to focus fully on your business goals.

Flexibility is key, allowing both 'start up' or well-established businesses to gain the competitive edge! Match your needs to your space and pay only for what you use.

With contemporary styled office suites, meeting rooms, IT and telecoms infrastructure, City Spirit St Pauls offers the image and service you and your business deserve. You can move ahead secure in the knowledge that your business will grow and develop at your pace.

So what do you need?

Setting you
up for success

Flexibility provides a cost effective way for your business to grow.

- Work space to fit your growing demands
- Managed space reducing your time input and hassle factor
- IT and telecoms infrastructure in place, no costly investment
- Dedicated 'meet and greet' and telephone service
- Car parking - making it easy for your clients to get to you
- Business Centre Services to enhance your success

Why not see how your business can grow and save money?
